

JULY 24TH

SkillsUSA Advisor Training

This workshop provides teachers with the tools they need to develop, manage and advise a SkillsUSA chapter in their school or classroom.

Participants explore the mission of SkillsUSA; learn to use the multitude of resources available and engage in hands-on activities. The training utilizes interactive sessions and provides answers to questions such as:

- How do I get students involved?
- What is the best way to organize our activities?
- What is new with PDP and CRC?
- What is CEP?
- What materials are available to help the advisor and students?

This is a must for beginning or seasoned advisors wanting to start your school year and better manage an existing school chapter.
